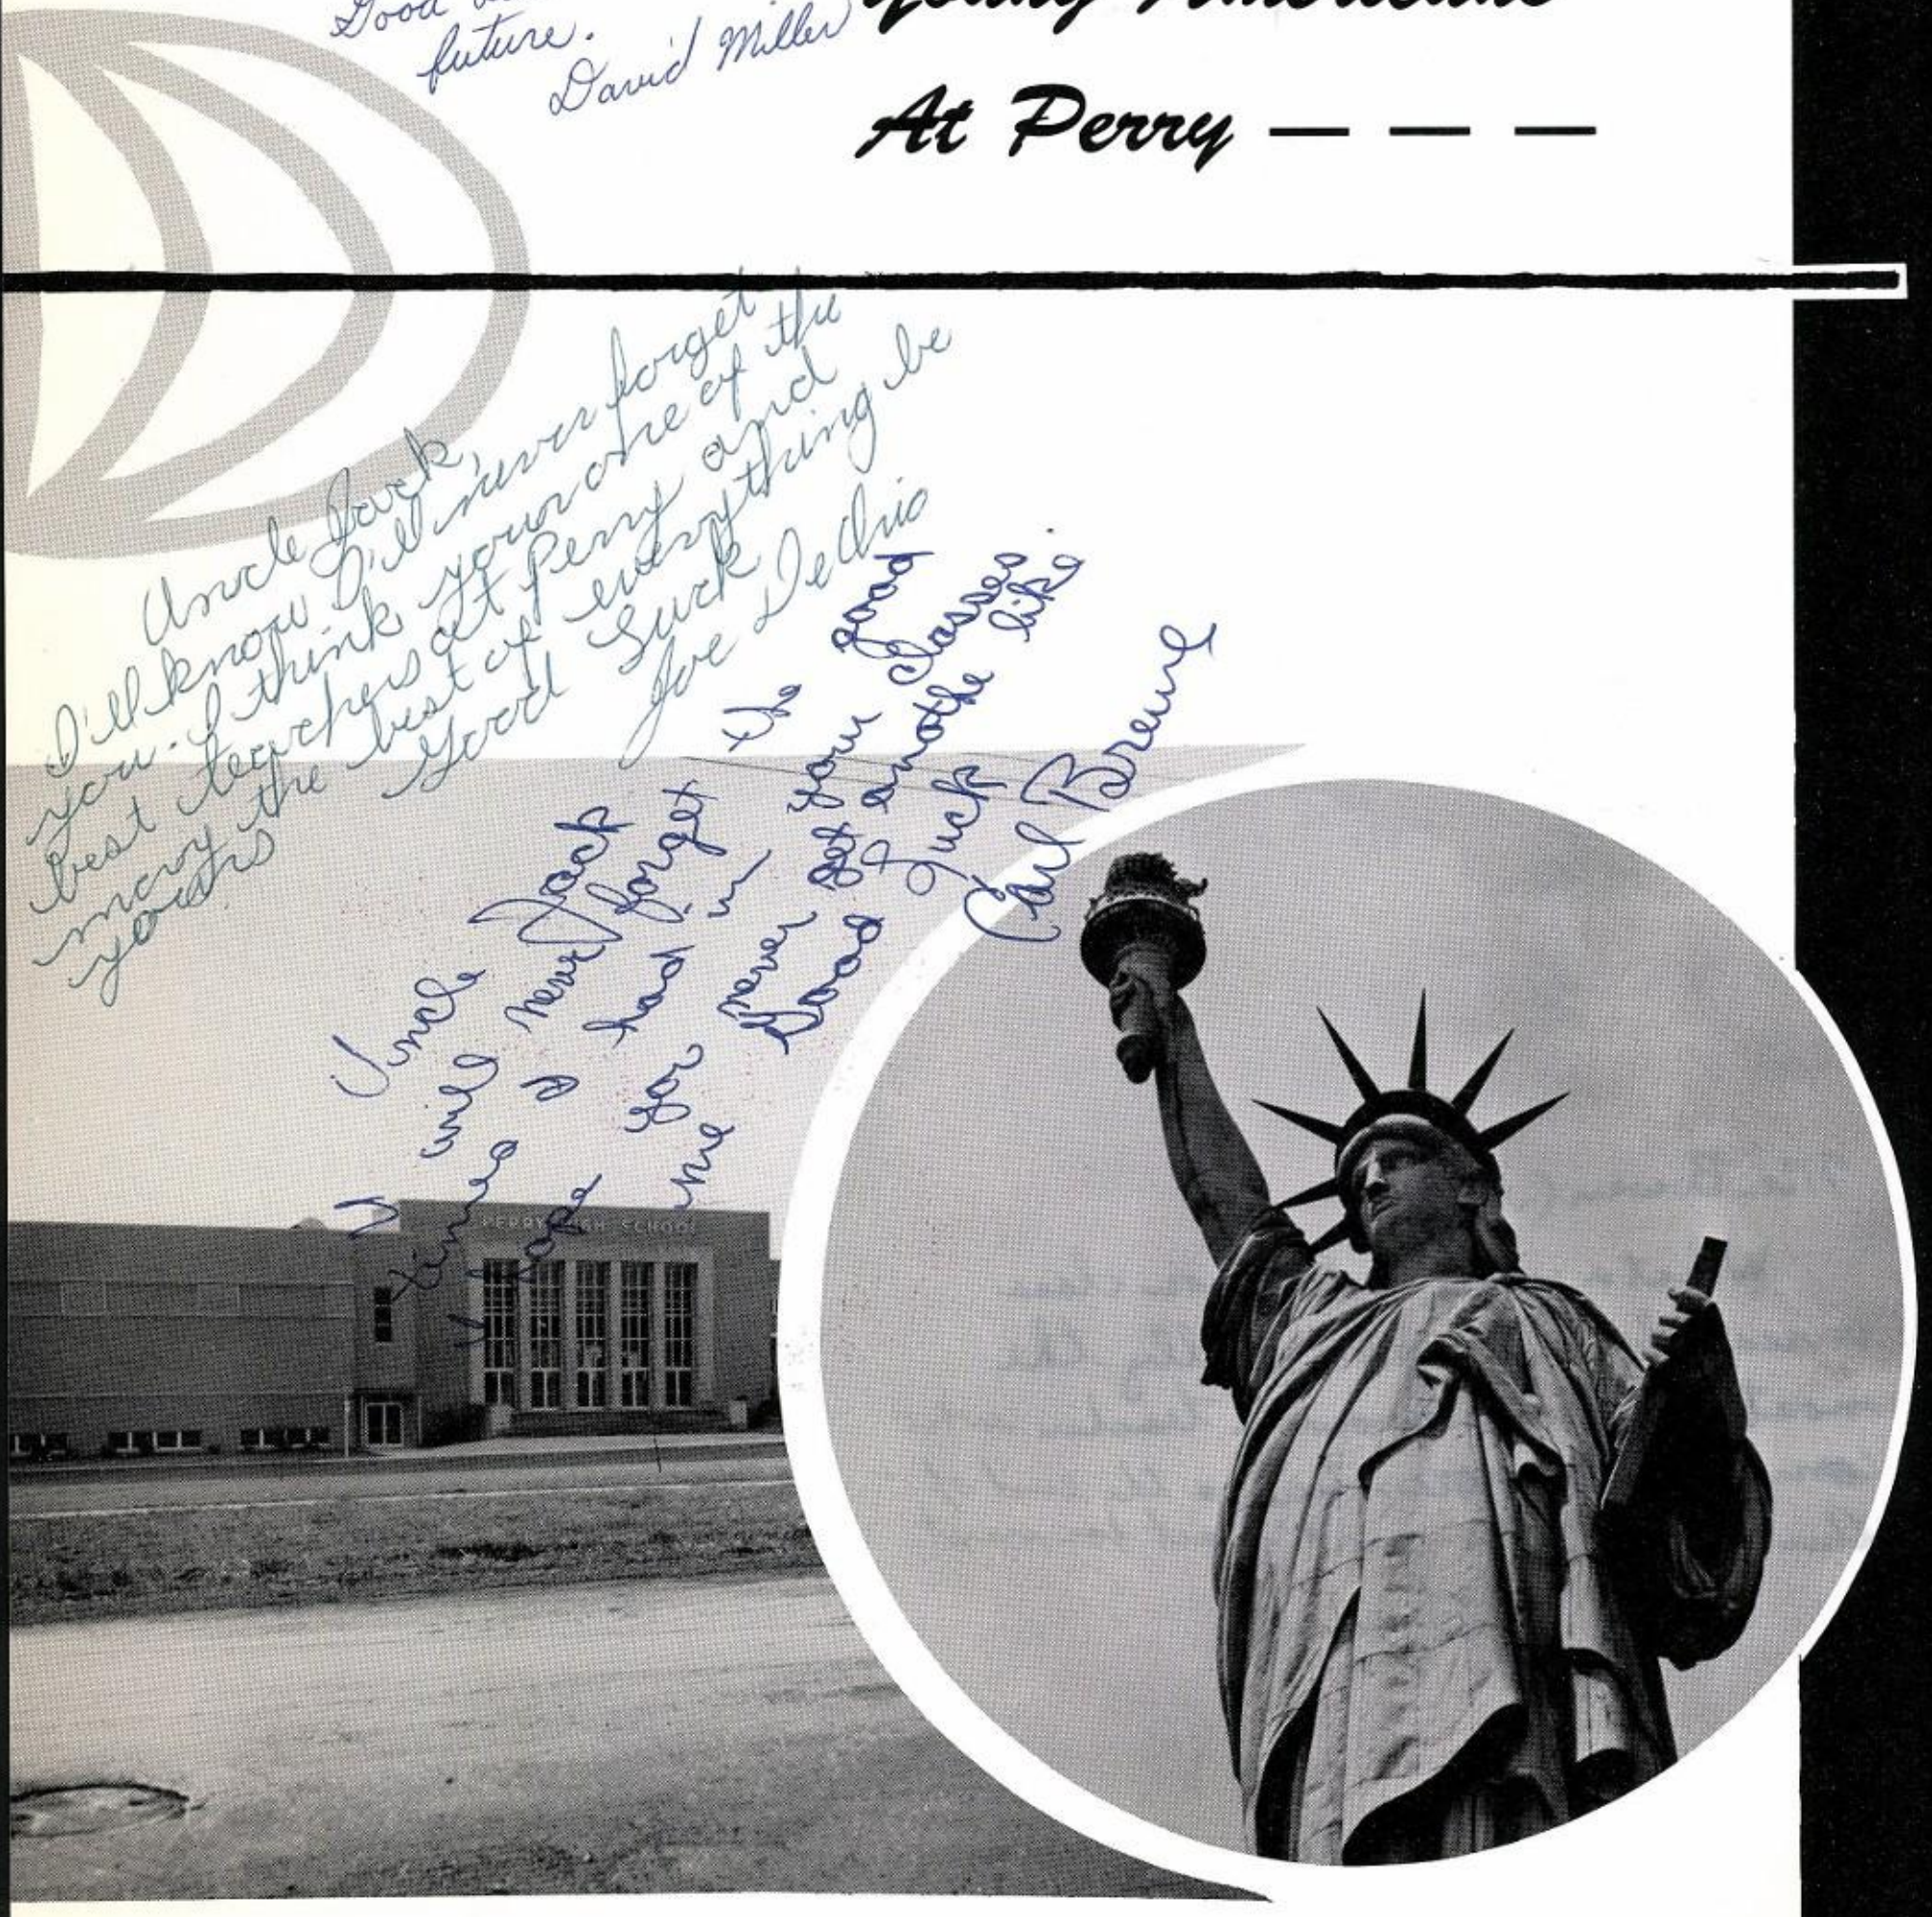
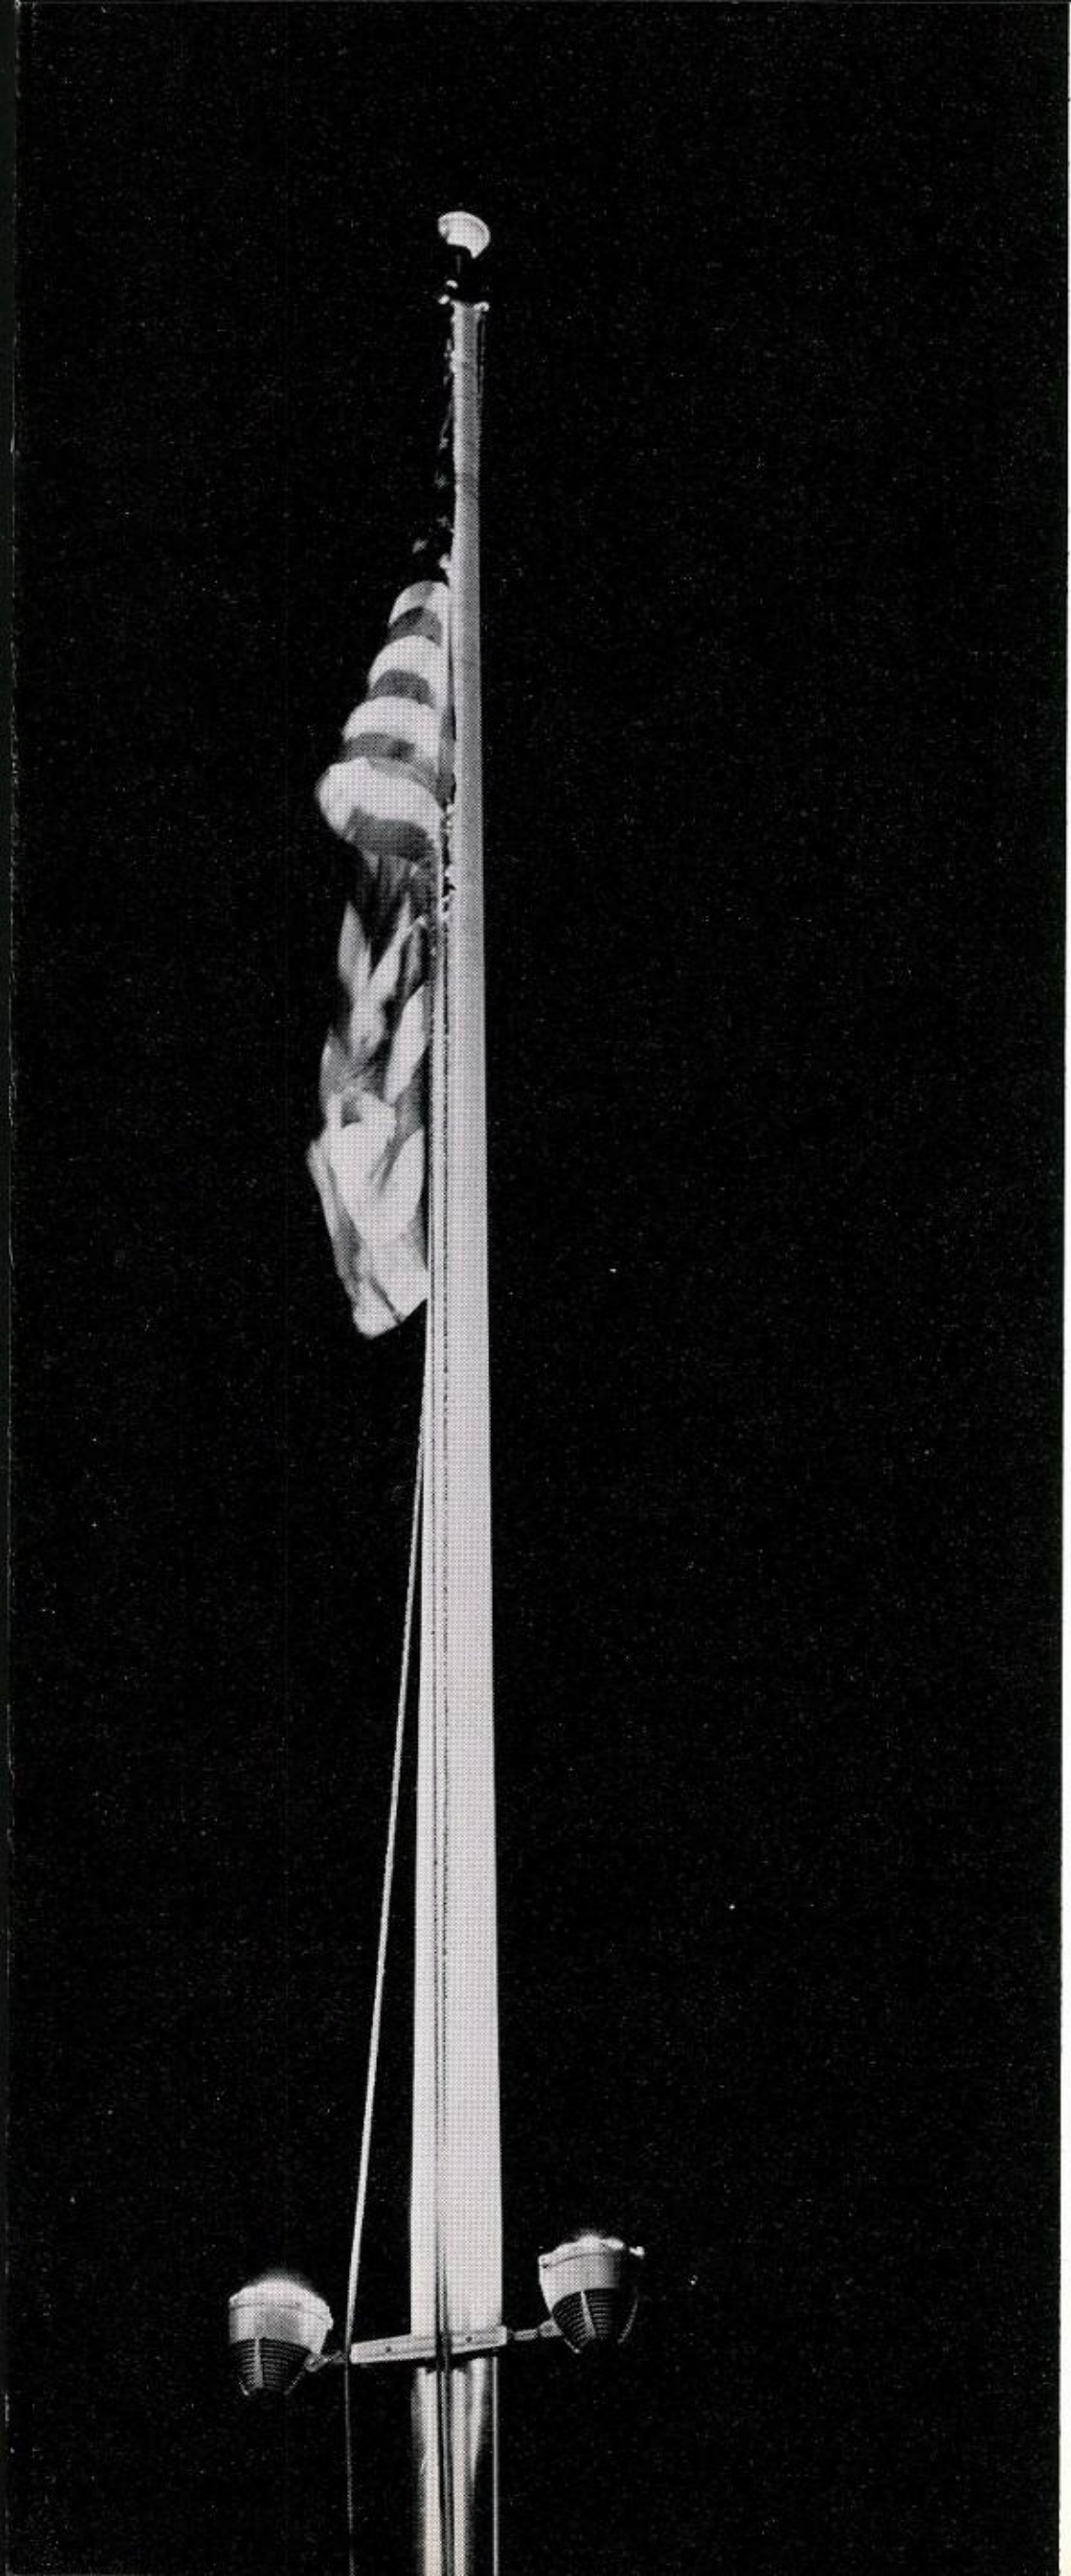
Young Americans

At Perry — — —





Dedication

For more than 185 years the American flag has been the banner of hope and freedom for generation after generation of Americans. Born amid the first fight for freedom it is the symbol of a country that has grown from a small group of thirteen colonies to a united nation of fifty sovereign states. It has proved an inspiration to untold millions as men have followed it into battle with unwavering courage. They have prayed that they and their fellow citizens might continue to enjoy the life, liberty, and pursuit of happiness, which have been granted to every American. So long as men love liberty more than life itself, it shall continue to be the enduring banner of the United States of America. To this concept, we dedicate the 1965 "Clock."

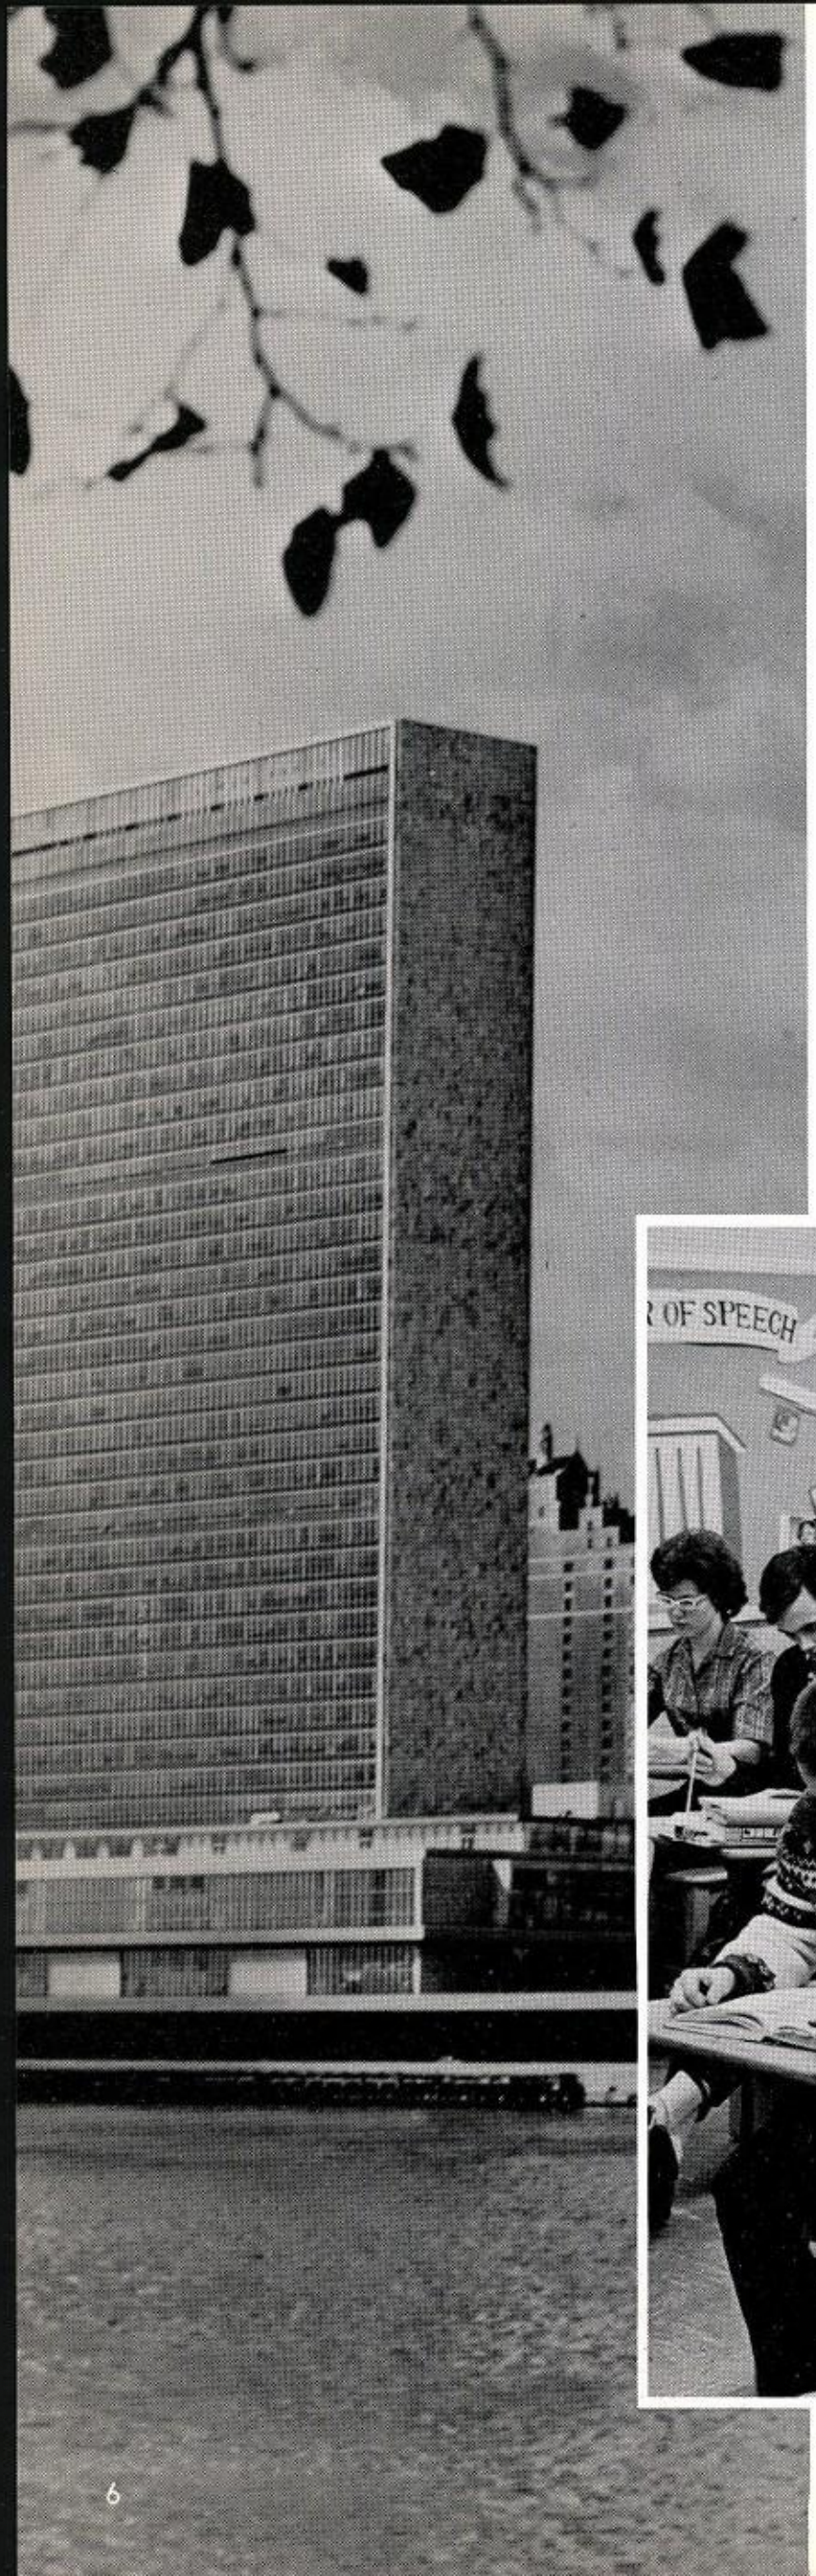
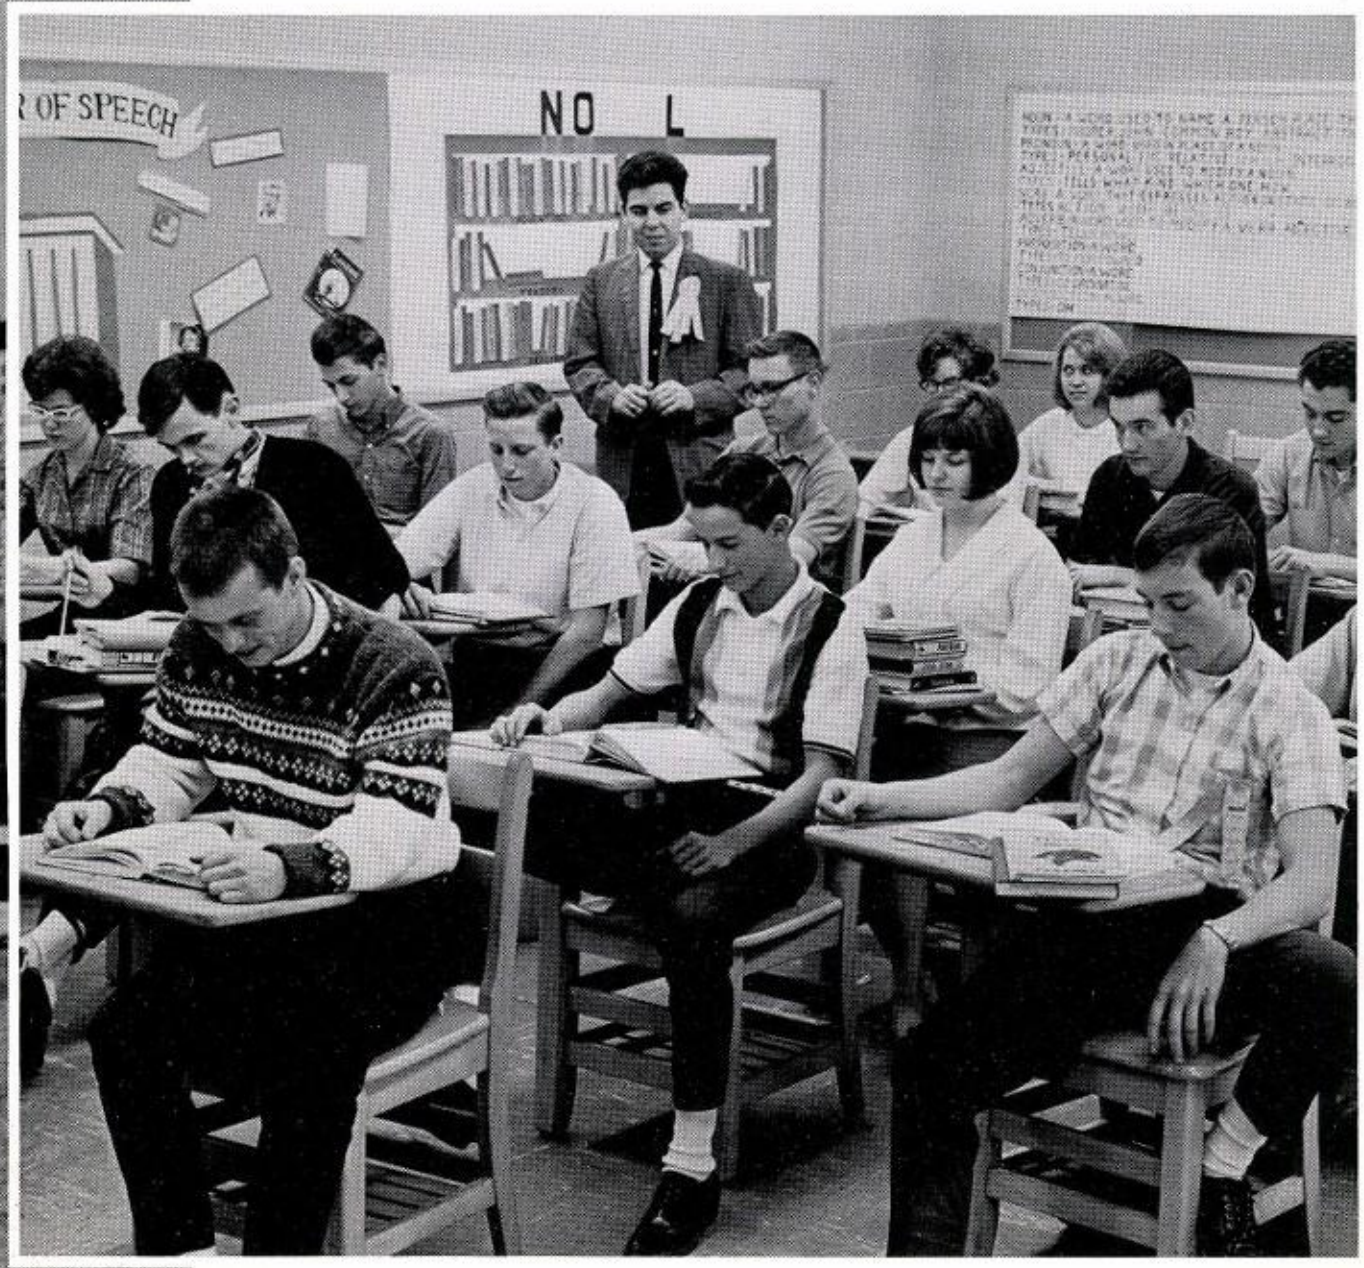
Foreword

America lives not only on the fruits of its education or the spirit of its nation. It must build and begin with the spirit of America. Only through its education, health, and welfare can this country remain strong enough to maintain its democracy. To the spirit of Perry High School, we proudly present the 1965 CLOCK and its theme, The Young American at Perry.

Perry's Young Americans

Education in the classroom is a basis for learning, a place where the student is given an opportunity to discuss, question, and evaluate until the core of understanding is reached. Learning also takes places in athletics, clubs, and organizations by practicing leadership and communications. These are some of the experiences which help our youth prepare for the future.





Mr. Lou Mattachione supervises a study period in a government class.

Theresa Capuana and Linda English check absence cards in attendance office.

Jim Nelson, under the guidance of Mr. Beach uses an overhead projector to explain electrolysis of water to the class.

Young Americans at Perry Serve Their

Student reserves Tom Irwin, Bob Kuntzman, Bernie Keffer, Frank Oakes, and faculty reservist, Major Hiegle, stand at attention while John Lapp raises the flag.

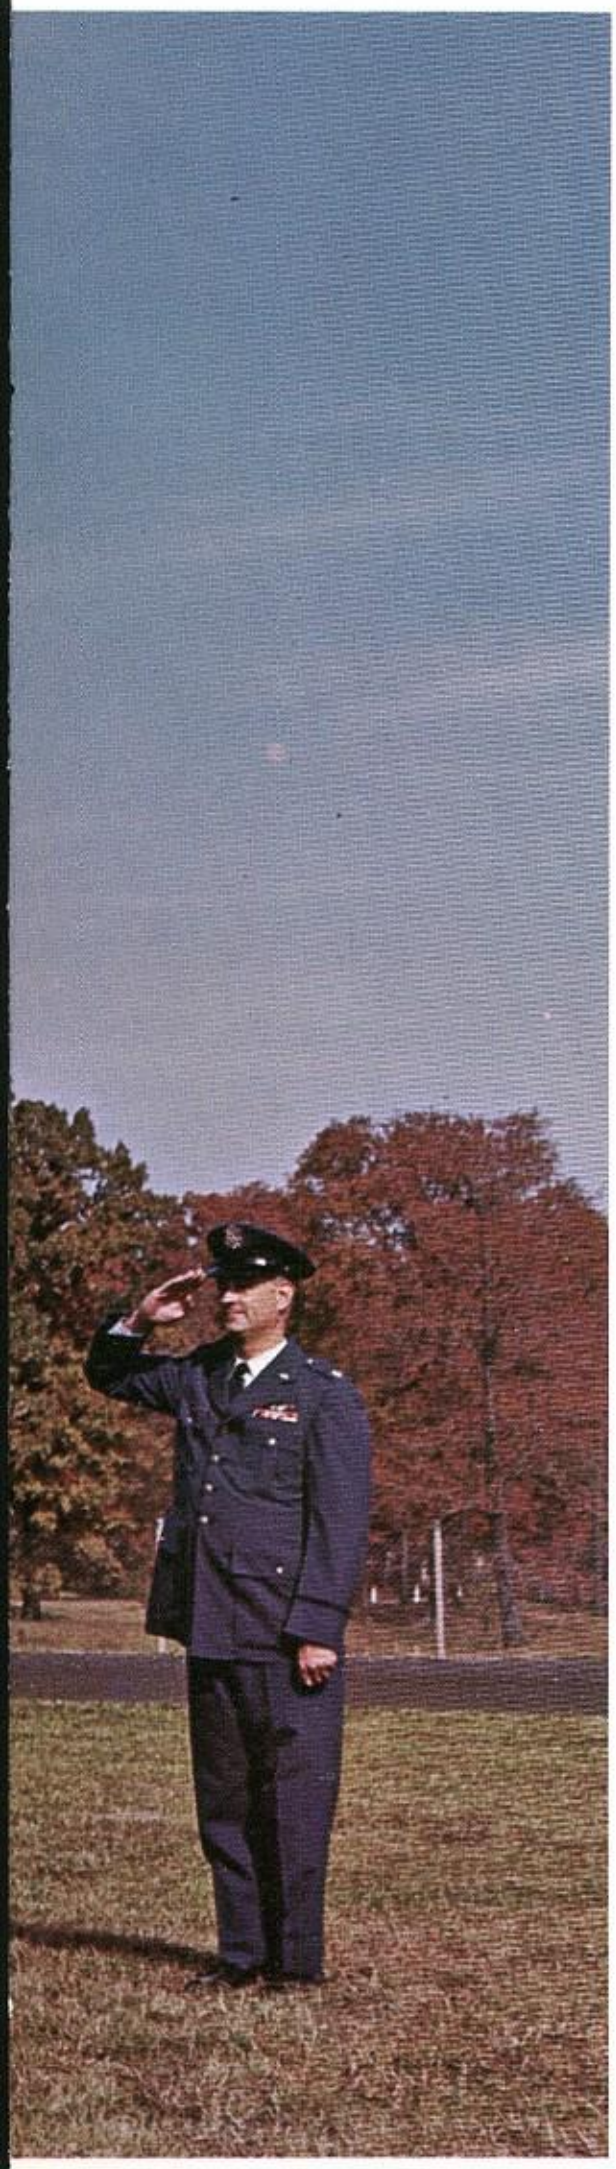
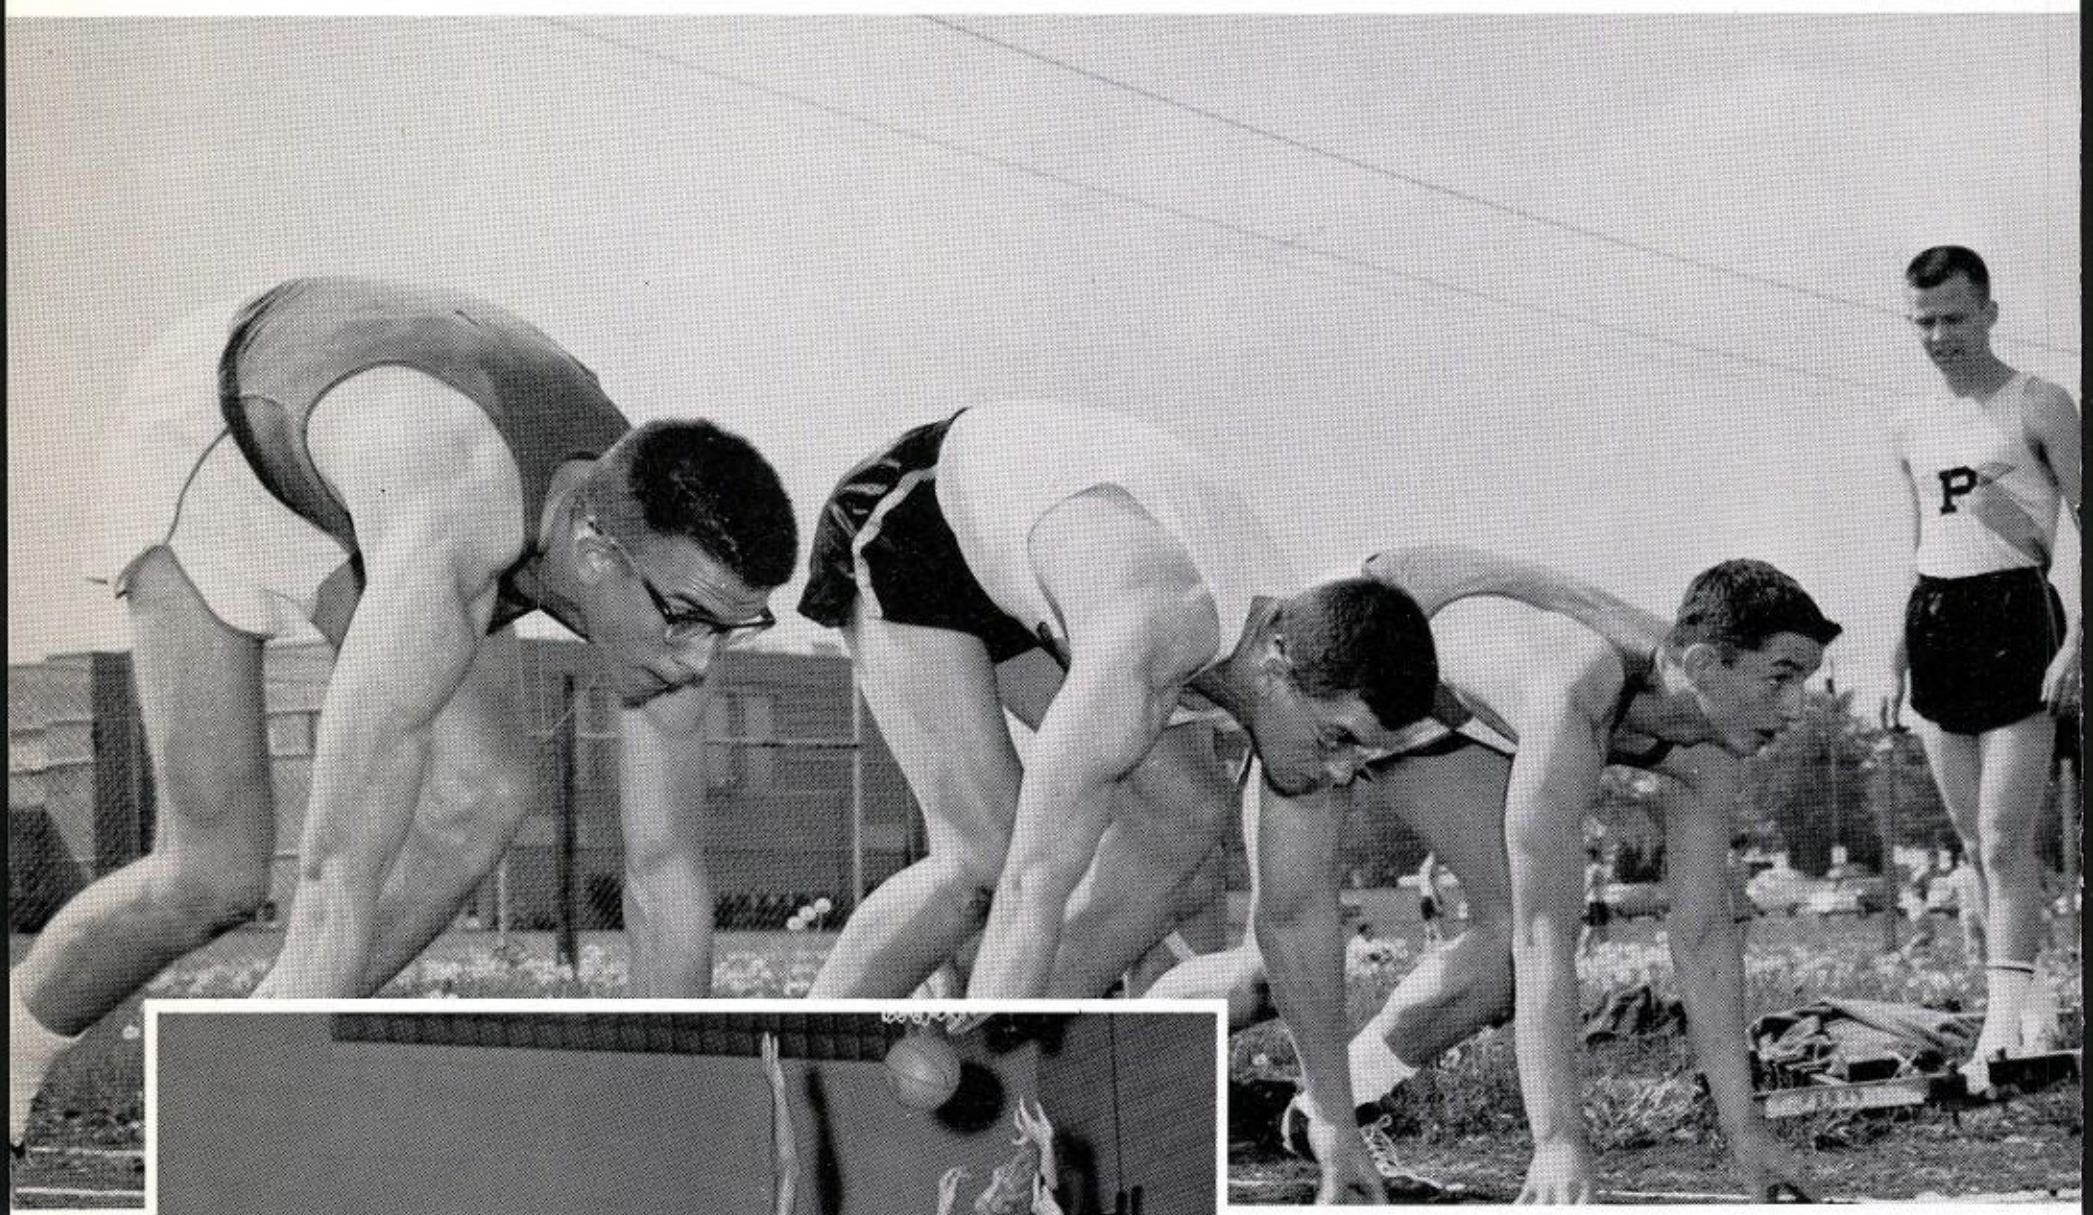
Above: A good deed of sharing with others is realized as the Future Homemakers and Key Club collect and deliver food to the needy at Christmas time.



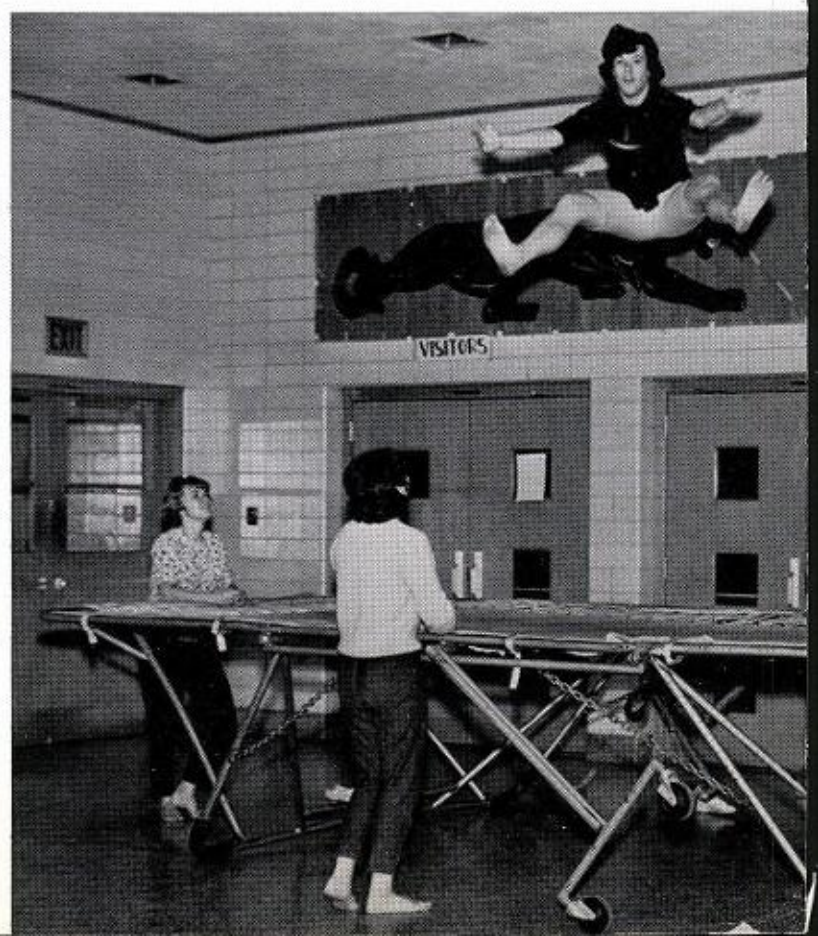
Below: The Student Congress is composed of capable young leaders who provide a well-rounded activity program.

Perry's Young Americans Keep Fit in

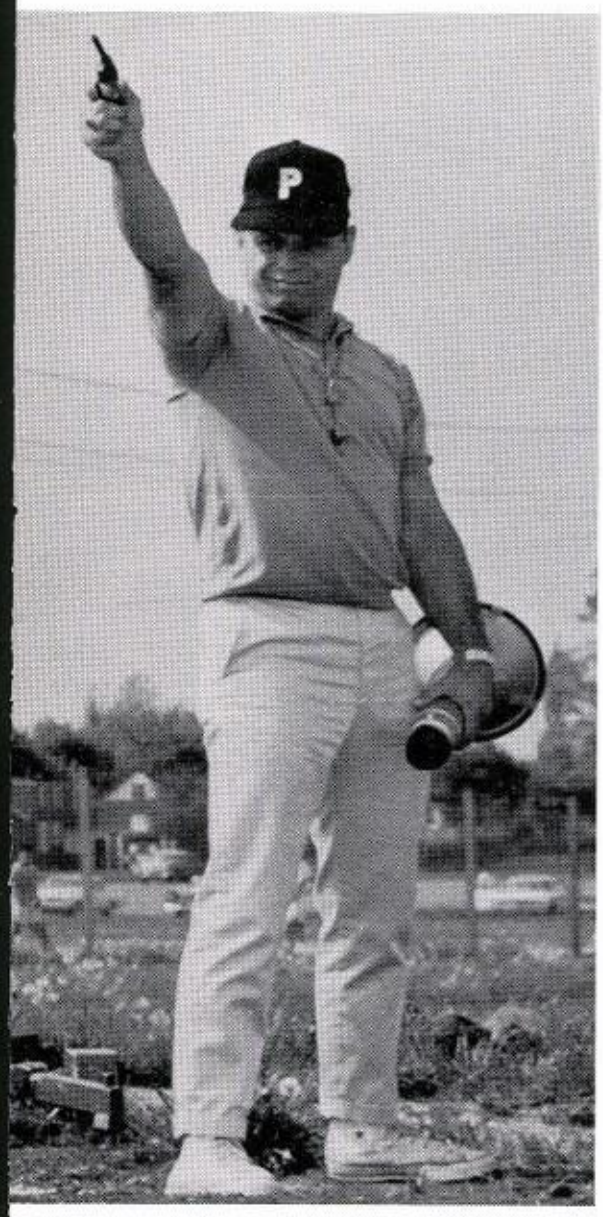


Perry competes with Central Catholic's Crusaders.

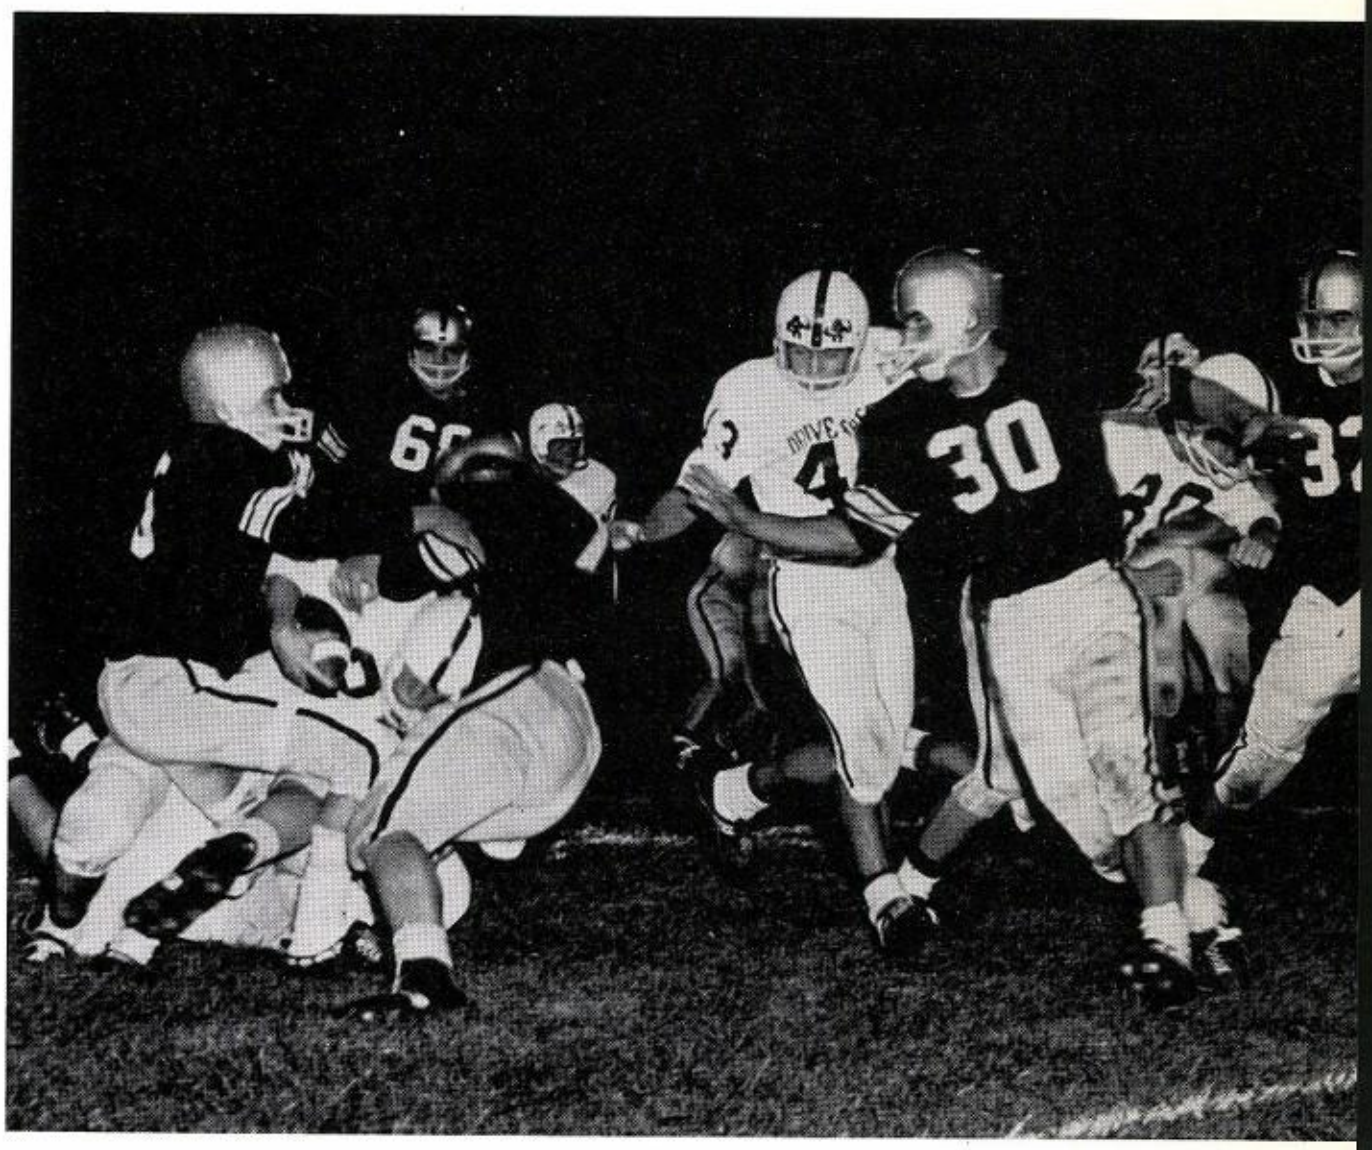
Bob Rideout, Tom Gorham, and Gordy Woolbert fight for the rebound against the Marlington Dukes.



Various Ways



Physical fitness is an important part of our school program and includes activities and courses of study which are associated with the student's health, safety, and recreation. In health courses one learns how to keep physically fit, and in gym class one participates in exercising activities which help to build strong and well bodies. A healthy student will be a better student.



Perry fights to gain revenge after Fairless returns the kick off.

Nancy Kate displays ability on the trampoline while Janet Ferguson, Karen Blackburn, Ann Macarie, and Marilee Walters look on.

Mr. Johnson and Mr. Beatty, our principal and assistant principal, expertly guide a long range plan for growth and improvement.

Mr. Featheringham has his sociology class in the mechanical drawing room while awaiting the completion of the new addition.

Those whose names are on the absence list can expect a call from Mr. Beatty.

What! Another bulletin.

Mrs. Wargo's chant, "You boys get down to work or I'll send you out of the library," has very little meaning to these students.

Special Services

These are the behind the scenes people without whom our school could not successfully operate. They put in many hours in order that we may have comfortable studying conditions and nutritious meals. For their many services, we say, "Thank you."

Veronica Nist (head), Kathryn Bethune, Gladys Doyle, Gradis Kohl, and Rhea Stipes cut eighty dozen rolls to be served for one day's lunch.

By providing well-trained instructors and good equipment, Perry High School gives its students an opportunity to develop knowledge and abilities.

Perry's scoring was paced by 5' 9" Guard Ken Newlon who pumped in 406 points to place second in scoring in Stark County, and to set a new record for scoring in one season at Perry. Newlon also set a new individual scoring record when he made 44 points against Lehman.

Panther 6' 3" center Wayne Kroll set a new school record in field goals for one game by netting 15 in Perry's 101-60 triumph over Tuslaw in which a new one-game scoring record was achieved. Kroll led the Panthers in rebounding with 262 and tied the school record of 27 rebounds against Marlington on Dec. 11, 1964.

Perry outscored its opposition 1,379 to 1,245 and ended the season tied for second place with Jackson in Federal League competition.

Desire, drive, and determination were the strong points of the Perry reservists.

Although the 13-5 record was not a school high, coach Bill Roland's reserves set 12 new records during the 1964-65 roundball campaign.

One of the many highlights of the season came when the not exceptionally tall but scrappy Perry five snatched 93 rebounds against the Fairless Falcons. Not more than a month earlier the same team garnered a skimpy 25 rebounds against Glenwood.

Terry Irwin, Ken Newlon, Bob Becker, Curt Schlarb, and Jim Bracken also turned in fine pitching performances. Despite the loss of seven graduating players, the Panthers will be fielding a strong nine to defend their title.

The 1964 cheerleading squads, both varsity and reserve, have performed very well. They were outstanding in their style of execution and showed great enthusiasm in leading the cheering section at the games. Many of these girls have attended summer cheerleading camps. They are a dedicated and hard working group, serving our school loyally.

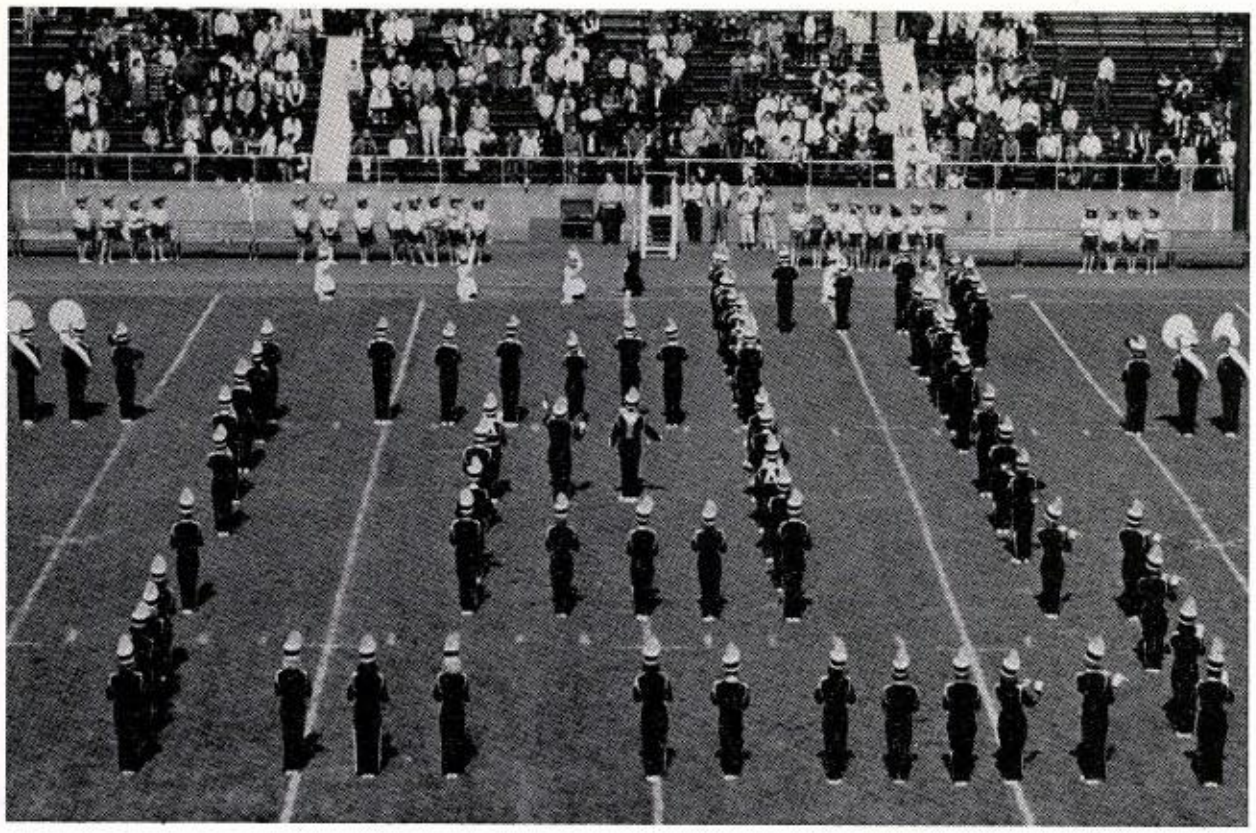
Tennis Club

Perry had another first this year in the field of sports when tennis was offered under the instruction of Mr. Don Miller and Mr. Robert Kistler.

With the hope of a regular tennis team in the future, there are tentative plans to use the gymnasium for indoor tournaments.

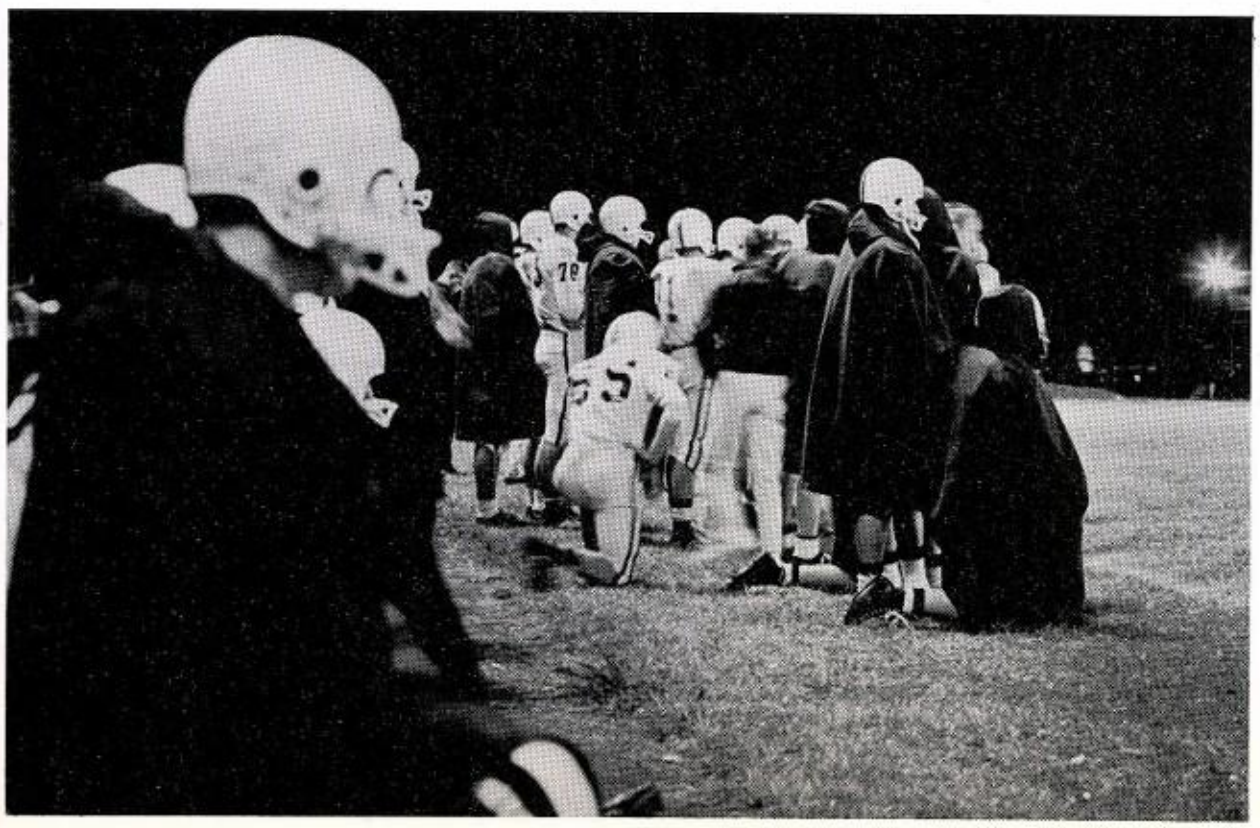
Several boys entered the Y.W.C.A.'s first Canton indoor tennis tournament, and although they did not win the tournament, they gained valuable experience in playing the game.

The students who participated felt that it was a worthwhile venture and encouraged other students to join the club next year.



"And now Ladies and Gentlemen, the Perry High School Alma Mater."

The lovely Homecoming Queen, Cindy Hershey and her escort Gordy Woolbert.



Excitement mounts as the Perry-Fairless game begins.

A lot of enthusiasm was created by the students during the Queens and Photogenic Contests.

This year Perry was the winner of several trophies.

Debate

Majorettes

This year, as always, the Perry High majorettes had a tough schedule to meet. They practiced all summer for the Richville Homecoming, the Stark County Fair, the Memorial Day Parade, and all of the football games. The majorettes must also play an instrument in concert band during the winter months. Thus, because of these activities and yearly try-outs, the girls must practice, practice, practice. This makes for the good line of majorettes, which Perry has always had.

MAJORETTES: Kathi Klick, Pat Kosierowski, Michelle Wise, Cindy Fair (head), Peggy Johnson, Sue Stipes, Margo DeParis.

Band

Contrary to public opinion, the band is not organized solely as a means of entertainment. In fact, its major purpose is to provide an outlet for creative ability in the field of instrumental music. The instrumental students at Perry are given a background in the fundamentals of music through theory and music appreciation courses. Throughout the school year, the band has numerous musical activities: It provides half time shows for 10 football games, gives both a Christmas and Spring concert, participates in Stark County and District XIII Contests, marches in community parades, and performs at Commencement and Baccalaureate.

PIZZAS, PLATTERS & PROFITS

Profits make the world of American business go 'round and 'round.

Even though they're usually a thin slice of a company's or a store's total income.

Most high school seniors think profits are about 50% of sales after taxes are paid! Actually, a pizza shop owner who, on a busy night, sells $100 worth of pizzas is lucky if he winds up with $4 or $5 profit.

And that profit doesn't all stay in the owner's pocket. He has to set aside some of it for new equipment and perhaps a bigger shop someday. Profits pay for expansion in any business. Profits create new jobs.

Every record company gambles on each new release. Duds far outnumber the hits. A company's stockholders receive only about 3% of the money you plunk down for a new record.

And manufacturers of tapered roller bearings, steel and rock bits, for instance, work hard and plan carefully ahead to earn a small percentage of profit. Then that profit must be divided up again—for new machines, new plants, new research and to pay back the stockholders who have invested their savings in a company's future.

When you think about profits, remember that even the thinnest slices have to go a long way. The Timken Roller Bearing Company, Canton, Ohio. Makers of tapered roller bearings, fine alloy steel and removable rock bits.

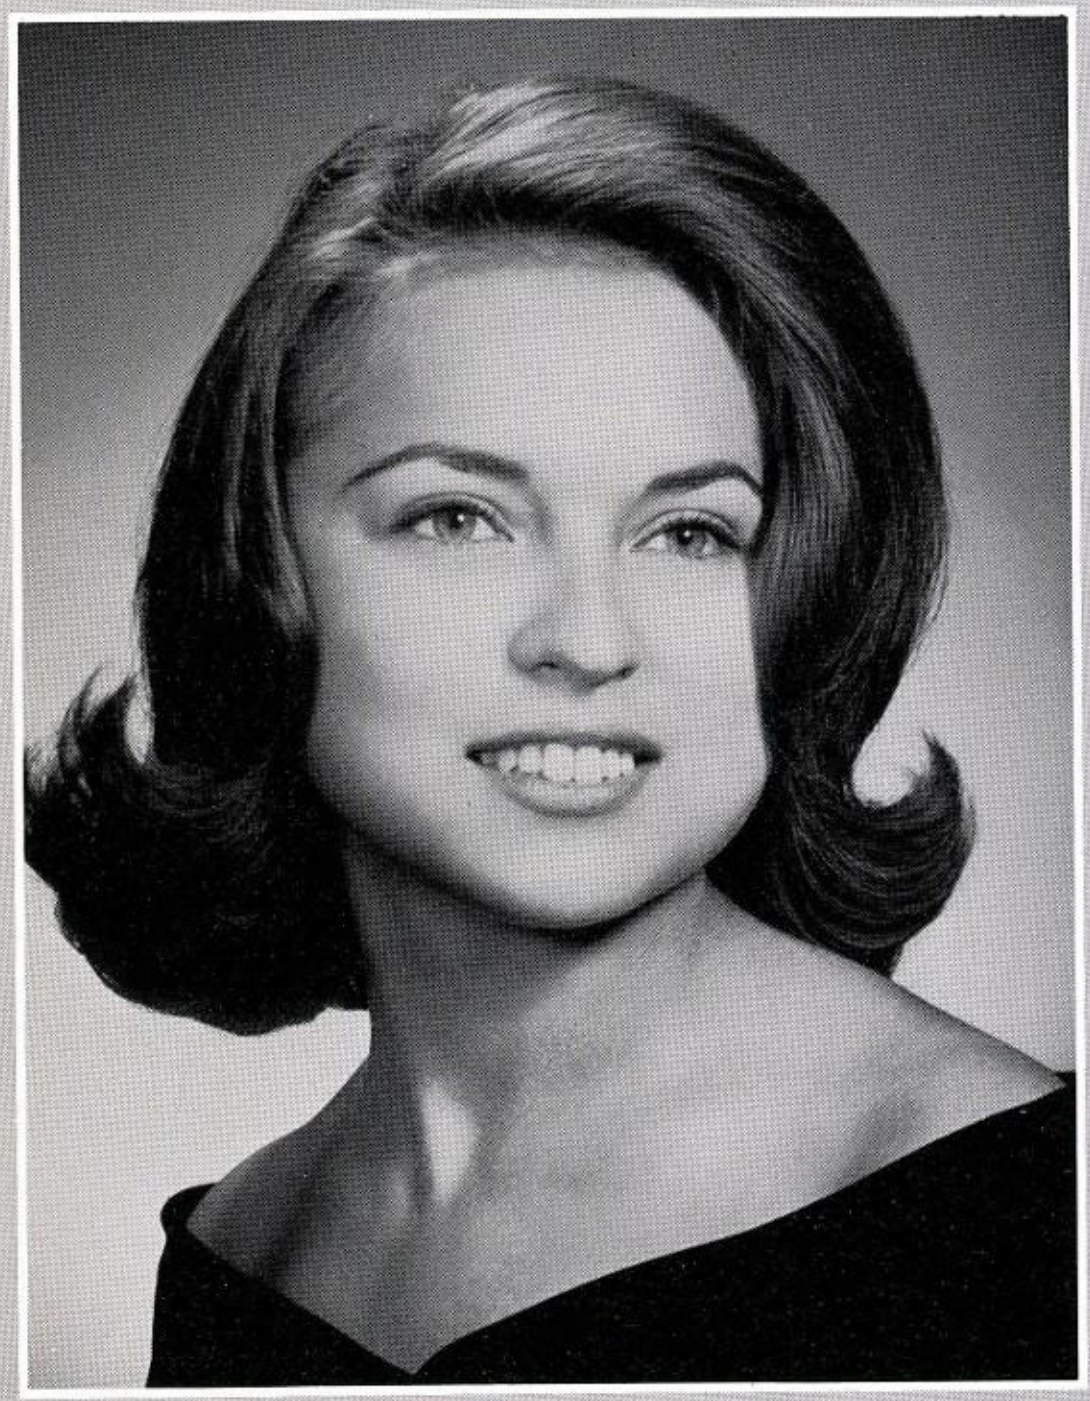
In Memoriam

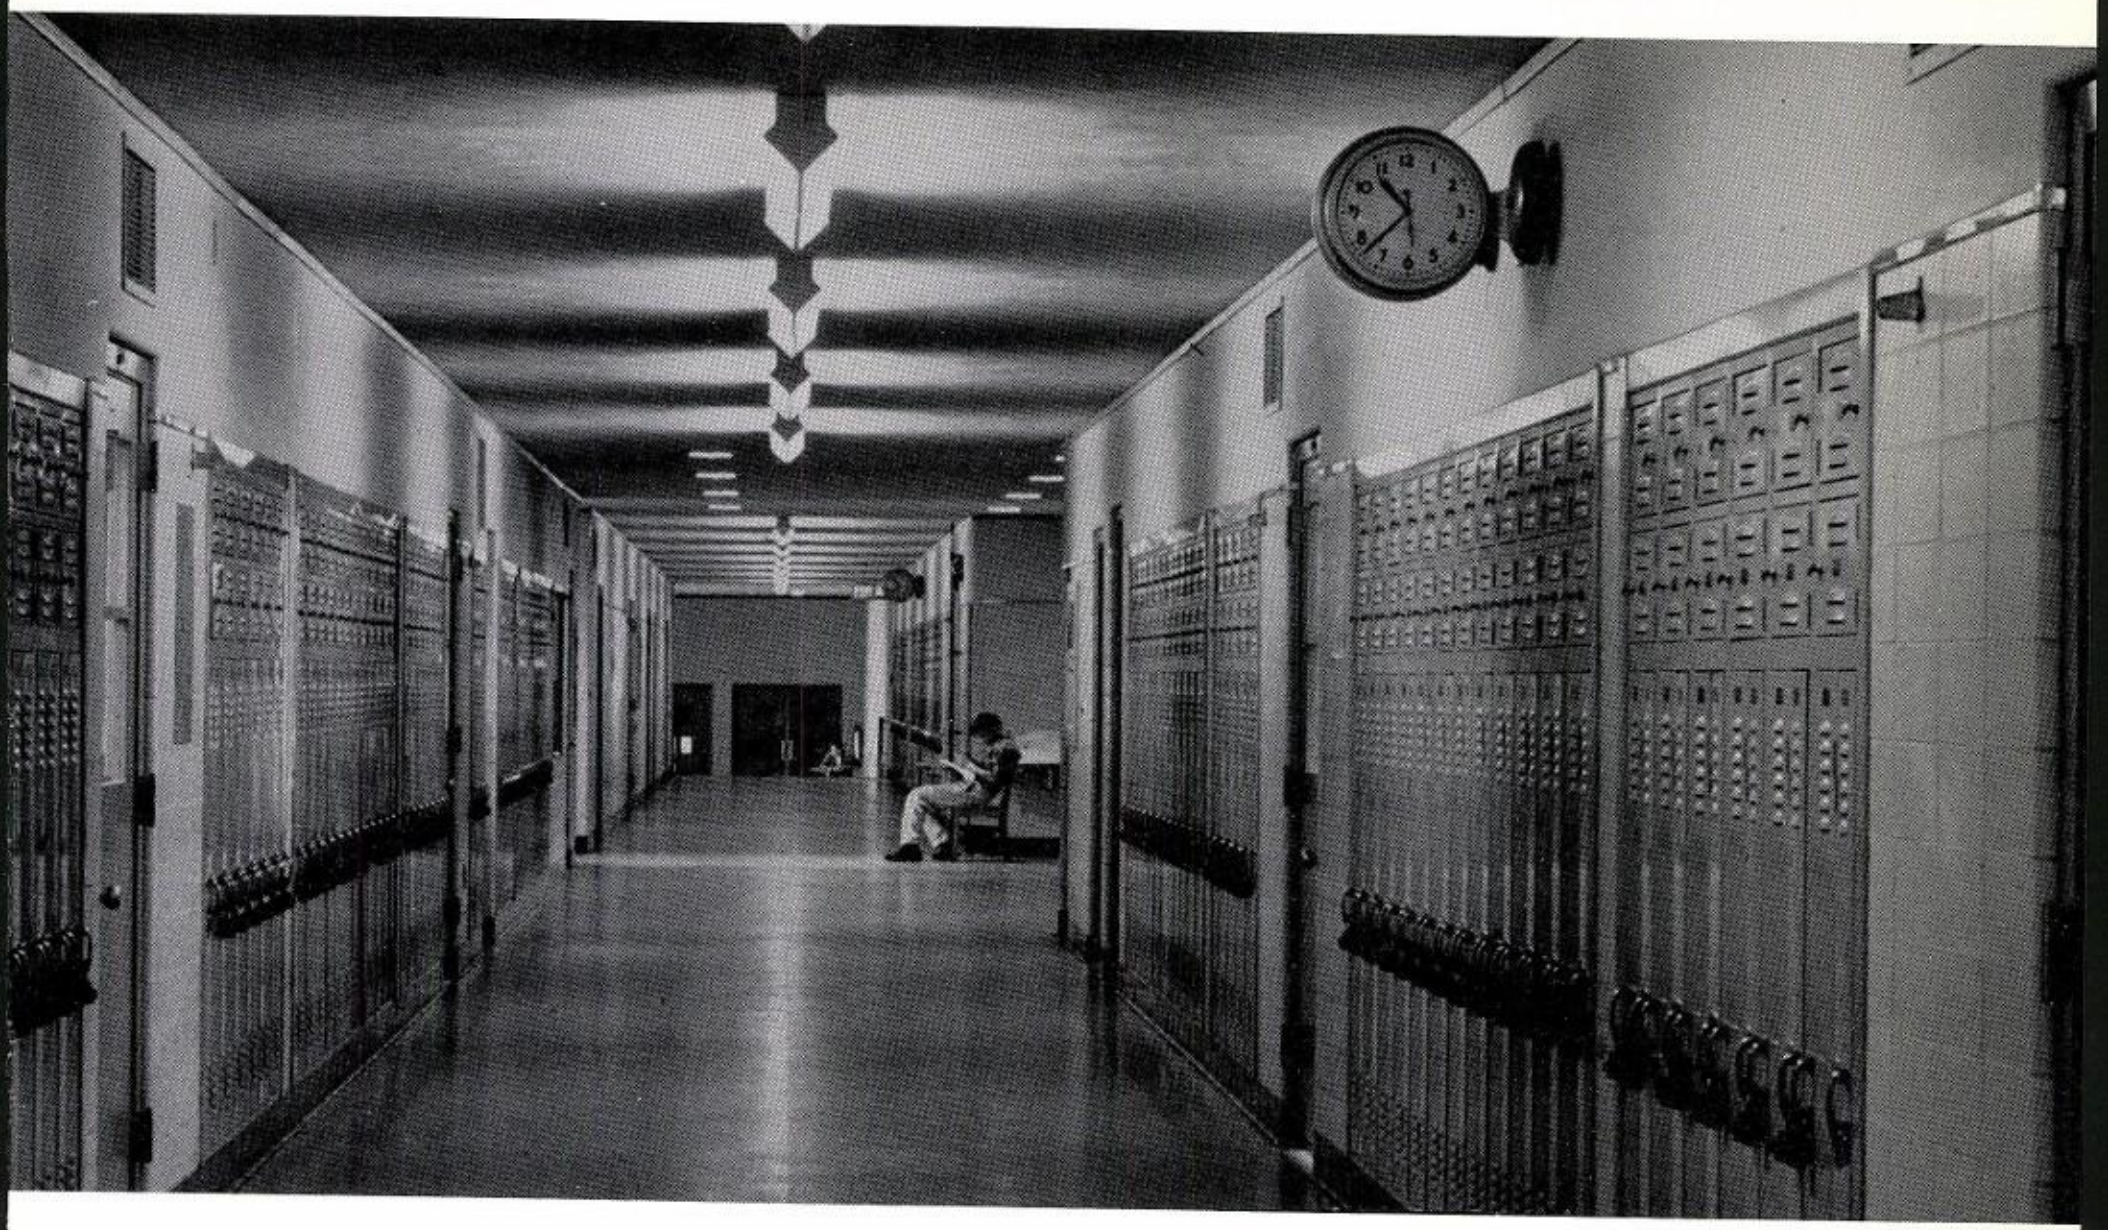


Diana McNutt
1945-1964

The entire Perry school community was saddened by the tragic death of Diana McNutt, 1963 alumna. This popular young American was a freshman at Murray State College where a memorial tree with placque has been planted in her honor.

A Memorial Library Fund has been established in the Perry community. We dedicate ourselves and this volume to her warm memory, bright smile, and high standards for living.

THE STAFF



The many words and pictures which have gone into the making of the 1965 CLOCK come to an end. We hope that this book contains a worthwhile record of the past year at Perry High School, one which in times to come, will recall many happy and cherished moments. For those who are not directly associated with our school, it is hoped we have painted a valid picture of its existence and operation.

The work of the present staff is finished, and soon another will take over. They, too, will be seeking many words and pictures, and again a new CLOCK will be developed by "The Young Americans" at Perry.

Mr. Bowen,
to the most wonderful teacher I've ever had. I will never forget the fun I have had in your class. I have learned quite a lot this year not only in algebra.

Margaret
Saylor
"Lolo"

To my "He-Man"!

Love every minute of being in class. We've really shared some great times together & I hope there can be many more. Never forget me & I know you will always be in my thoughts for a long time.

Good Luck in everything you do.

Always,
Carol Allen

Mr. Bowen,

I think you're a real nice teacher but I wish you didn't teach Algebra. I hate Algebra possatively and absolutely. Good luck and may God bless you (since nobody else will).

Linda Annis

Mr. Bowen

You're the coolest teacher at Perry. You're class is one I like the most your personality is great. Keep it up

Mike Coleman

Mr. Bowen,
I enjoyed your class.
Good Luck.

Mr. Bowen,
I'm really
glad that you
changed your opinion
of me before the year
was over. You're pretty cool
yourself so I wouldn't want
you to think I was a dead head.
Thanks for all your time -

Ellen Cochran

Mr. Bowen,
You're a real nice teacher
that I have enjoyed
having in class. I
hope you have
a great future.
Love all the kids
that have
been in
Band

Mr. Bowen,
You're a real nice teacher
who keeps the class alive
and is a lot fun to know
and to have in class.
I wish you
a good future.
Lots of luck with sports
in the future.
